

Gulf Shrimp From Nebraska?

Valencia Oranges From Maine?

Champagne Not From Champagne?

No way!

A sparkling wine may look or claim the part. But if it's not from Champagne, it's simply not true Champagne.

That's because Champagne is a specific place 90 miles east of Paris that produces the only grapes that yield the taste of Champagne of legend. Champagne's one of a kind cool climate, chalky soil and long history of winemaking expertise combine to produce a wine impossible to duplicate.

So, it does matter where wine comes from. A Napa wine is only from Napa, a Willamette wine is only from Willamette and a Walla Walla is only from Walla Walla.

And if it's not from Champagne, it's simply not true Champagne.
